

2019 PROPANE MOWERS

**GREEN ALTERNATIVE.
LOWER OPERATING COST.
INCREASED EFFICIENCY.**

A propane lawn mower can save you some cash and leave little impact on the planet. We have zero-turn, walk-behind and stand-on models, all with unmatched quality, productivity and durability. Electronic Fuel Injection (EFI) keeps you running at an even rate. And with cutting decks in 48-, 52-, 60- and 72-inch widths, you'll find the right propane-powered mower for your lawn care business. **Cleaner and Greener**—When it comes to environmentally friendly fuel, propane is the leading option. Propane is a cleaner, greener alternative fuel. When burned, it produces up to 25% fewer greenhouse gases than gasoline, helping to reduce buildup and engine maintenance. It is also remarkably stable over time, and can be stored for long periods. This means less mower downtime, keeping your machine in the field longer, and increasing your profitability.

POWERED BY KOHLER®
Exmark® propane mowers are powered by Kohler EFI twin-cylinder engines, which were developed specifically for use in commercial mowers.

QUIETER PERFORMANCE
Propane mowers are quieter to operate than gasoline mowers. This quiet performance lets you start earlier and work later than competitors, and reduces the potential for noise complaints from neighboring properties.

FUEL STABILITY
With propane, there is no deterioration or breakdown of fuel over time that creates "varnish deposit" like gasoline does. Therefore, there is no need for fuel stabilizers.

INCREASED EFFICIENCY
The propane engines on Exmark mowers can increase fuel efficiency by up to 40% for extended runtimes, compared to traditional gasoline-powered mowers. EFI with E-Gov technology also plays a big part in the efficiency of propane mower engines. They are specially designed to eliminate governor droop, allowing you to maintain engine RPM and blade speed, even under varying conditions.

LOWER OPERATING COSTS
Typically, propane costs will be less than traditional gasoline. This, in addition to increased efficiency and reduced fuel consumption, results in lower operating costs.

LAZER Z®

For the past 20 years, Exmark's Lazer Z has been considered the gold standard in commercial-grade, zero-turn excellence. Pro cutters and homeowners have aspired to experience their superior cut quality, productivity, durability and performance. Built for easier maintenance and longer life, our Lazer Z mowers are simpler, tougher and easier to operate.

- Lazer Z S-Series features**
- Exmark's UltraCut™ Series 4 cutting decks feature a 5.5-inch deep design, formed and welded to provide superior strength and durability.
 - Lazer Z mowers are more responsive and easier to operate, ultimately increasing productivity.
 - The hydro-drive system has no hoses, eliminating leaks.
 - The unibody frame provides increased hillside traction and stability, with heightened maneuverability.
 - Features patented automotive-style and maintenance-free, greaseless bushings for longer life.

TURF TRACER®

The Turf Tracer is Exmark's premium wide-area, walk-behind mower, combining the productivity of larger cutting decks and hydro-drive components with the unmatched quality of a full-floating deck. They are engineered for speed, efficiency and durability, and always deliver a quality of cut that is second to none.

- Turf Tracer S- and X-Series features**
- Exmark's exclusive UltraCut Series 3 decks are on the S-Series, and deeper, more heavy-duty Series 4 decks are on the X-Series.
 - The patented Enhanced Control System (ECS) has primary controls close at hand for increased convenience and maneuverability.
 - Engine is equipped with a heavy-duty canister air filtration system.
 - Exmark's advanced electric clutch technology means easier and faster belt servicing.

COMPARISON CHART

TURF TRACER
S-SERIES

ENGINES	Kohler® PCV680 Command PRO® EFI PROPANE
DECK SIZE	48"
DECK STYLE	Full-Floating UltraCut Series 3
CUTTING HEIGHT	1.5" to 4.5" in 0.5" increments
CONTROLS	ECS
HYDRO-DRIVE SYSTEM	Pump-and-Wheel Motor
SPEED	Up to 6.2 mph
FUEL CAPACITY	20.0 lb. (4.8 Gallons)
FEATURES	Electric PTO, Electric Start, Hour Meter
FRONT CASTERS	9 x 3.5-4 Semi-Pneumatic
DRIVE TIRES	16" x 7.5-8"
WARRANTY <small>For complete details, visit exmark.com or your local dealer</small>	2-Year Limited

TURF TRACER
X-SERIES

ENGINES	Kohler PCV680 Command PRO EFI PROPANE
DECK SIZE	52" /60"
DECK STYLE	Full-Floating UltraCut Series 4
CUTTING HEIGHT	1.5" to 4.5" in 0.5" increments
CONTROLS	ECS
HYDRO-DRIVE SYSTEM	Pump-and-Wheel Motor
SPEED	Up to 6.75 mph
FUEL CAPACITY	33.5 lb. (8 Gallons)
FEATURES	Electric PTO, Electric Start, Enhanced Hour Meter
FRONT CASTERS	11 x 4.0-5 Semi-Pneumatic
DRIVE TIRES	18 x 8.5-8
WARRANTY	2-Year Limited

LAZER Z
S-SERIES

ENGINES	Kohler PCV740 Command EFI PROPANE
DECK SIZE	60" /72"
DECK STYLE	Full-Floating UltraCut Series 4
CUTTING HEIGHT	1.0" to 5.5" in 0.25" increments
CONTROLS	Drive Levers
HYDRO-DRIVE SYSTEM	Unitized Hydro Transmission (UHT)
SPEED	Up to 10.0 mph
FUEL CAPACITY	43.5 lb. (10.3-Gallons)
FEATURES	Deluxe Adjustable Suspension with Seat Isolation System ISO-Mount Seat Isolation System
FRONT CASTERS	13" x 6.5-6" Semi-Pneumatic
DRIVE TIRES	24" x 12-12"
WARRANTY	5-Year or 1250 Hours Limited No Hour Limit First Two Years

AVAILABLE ACCESSORIES

TURF TRACER

3-BUSHEL BAGGER

STANDON

Also Available:
Anti-Scalp Roller Kit, Equipment Cover, Micro-Mulch System, Operator Controlled Discharge (Hand), Turf Striping Kit and Walk-Behind Weight Set

Accessories may not fit each mower model. Please visit exmark.com or check with your dealer on accessory fit-up for each model.

LAZER Z S-SERIES

MICRO-MULCH SYSTEM

OPERATOR CONTROLLED
DISCHARGE

TURF STRIPING KIT

ULTRAVAC™
COLLECTION SYSTEMS

Also Available:
3-Bushel Bagger, 12-Volt Power Adapter, Air Ride Suspension Seat, Custom Ride Seat Suspension System, Equipment Cover, Extended Drive Lever, Floor Mat, Full Suspension Seat, Harness Add-On Accessory, Hitch Kit, Hydro Maintenance Kit, Jack, Jack Mount Receiver, Light Kit, Operator Controlled Discharge (Foot), Power Deck Lift, Sun Shade, Trash Container and Turf Striping Kit

Accessories may not fit each mower model. Please visit exmark.com or check with your local dealer on accessory fit-up for each model.

ENGINEERED BY US.
TRUSTED BY LANDSCAPE PROS.
READY TO WORK FOR YOU.

For nearly three-and-a-half decades, Exmark® has been synonymous with the world's most technologically advanced, durable, comfortable and low-maintenance turf care equipment. These are just a few of the reasons why top landscape pros trust Exmark 2-to-1 over the next best-selling brand of zero-turn mowers,* time and again relying on our products to create unmatched results and profit potential. Whether you're a pro, or a homeowner with a lot of lawn to beautify, striving to gain more time for life's most important moments is an aspiration that's shared by everyone—and we strive to make that a reality for you.

LANDSCAPE PROS TRUST EXMARK
2-TO-1 OVER THE NEXT BEST-SELLING
BRAND OF ZERO-TURN MOWERS.

*Based on U.S. Data study by Wiese Research Associates, Inc. Market Share and Additional Equipment Study (February 2016).

WALK-BEHINDS

When designing and building our walk-behind mowers, we did our homework. We packed more technology and performance into each mower. Our mowers deliver precise lawn trimming with versatile handling and reliable quality.

***Parts Plus:** Restrictions apply; please contact your Exmark dealer for further details. Dealer participation is optional. Program not available in Hawaii and Canada.

Products depicted in this literature are for demonstration purposes only. Actual products offered for sale may vary in use, design, required attachments and safety features. We reserve the right to improve our products and make changes in specifications, designs and standard equipment without notice and without incurring obligation. For additional product information including operation manuals, safety materials and warranty details, please visit www.exmark.com or see your dealer for complete details.

Many manufacturers use 100% efficiency ratings for sale purposes. Exmark believes an 80% efficiency rating is more representative of actual mowing conditions, as it allows for turns and

overlapping. Formulas for calculating acres per hour: **100% efficiency:** MPH x width of cut ÷ 99 = acres per hour | **80% efficiency:** MPH x width of cut ÷ 124 = acres per hour
