

A man with brown hair and a beard, wearing sunglasses, a high-visibility yellow safety vest over a grey long-sleeved shirt, and brown work pants, is using a Shindaiwa brush cutter in a forest. He is wearing tan work gloves and holding the handle of the brush cutter with both hands. The background shows a dense forest of birch trees with green foliage. The image has a diagonal grey overlay on the left side.

To support confidence in our products, we offer a 2-year commercial and 5-year consumer warranty. We're so positive you will be happy with your Shindaiwa purchase, we guarantee it! We offer a no-questions-asked, 7-day money-back guarantee on all Shindaiwa products. Visit your local Shindaiwa dealer or www.shindaiwa-usa.com to learn more.

CHAIN SAWS

Shindaiwa offers a full line-up of rugged Chain Saws built for pro users.

Shindaiwa's professional-grade Chain Saws are designed for high-performance, easy handling, and long-lasting durability. They incorporate professional features that utilize the best technology and outstanding designs to perform in the harshest conditions. With many models to choose from, there's a Shindaiwa Chain Saw that's right for you.

CHAIN SAWS

305s 14" Bar Length

Lightweight and easy to use.

- 30.5 cc 2-stroke engine
- i-30™ starter for 30% reduction in starting effort
- Vibration-reduction system for operator comfort
- Tool-less, easy-access air filter

340s 16" Bar Length

Same features as the 305s but with increased power.

- 34 cc 2-stroke engine
- i-30™ starter for 30% reduction in starting effort
- Vibration-reduction system for operator comfort
- Tool-less, easy-access air filter

358Ts 14" and 16" Bar Lengths

The high-powered top handle saw that arborists demand.

- 35.8 cc 2-stroke engine
- G-Force Engine Air Pre-Cleaner™ for reduced air filter maintenance
- Reduced-effort starting system
- Ergonomic handle designed for maximum operator comfort

402s 18" Bar Length

Best value in its class, loaded with professional features and power.

- 40.2 cc 2-stroke engine
- i-30™ starter for 30% reduction in starting effort
- G-Force Engine Air Pre-Cleaner™ for reduced air filter maintenance
- Heavy-duty, easy-access, automotive-style air filter for superior filtration

491s 16", 18" and 20" Bar Lengths

Lightweight and great cutting ability.

- 50.2 cc 2-stroke engine
- G-Force Engine Air Pre-Cleaner™ for reduced air filter maintenance
- Automatic, adjustable clutch-driven oiler reduces oil consumption
- Heavy-duty air filter with tool-less access provides superior air filtration

591 18" and 20" Bar Lengths

Built for cutting firewood, can tackle the toughest jobs on the ranch, farm, or anywhere.

- 59.8 cc 2-stroke engine
- Decompression valve for easy starting
- G-Force Engine Air Pre-Cleaner™ for reduced air filter maintenance
- Heavy-duty, easy access air filter for superior filtration

600sx 20", 24", and 27" Bar Lengths

A step up from the 591 with more power and features.

- 59.8 cc 2-stroke engine
- Professional-grade magnesium sprocket cover and crank case
- Solid bar with replaceable nose and upgraded chain
- Decompression valve for easy starting

See page 23 for specifications.

shindaiwa®

TRIMMERS

Shindaiwa Trimmers are big on power and loaded with features that make them right for any environment.

Shindaiwa Trimmers are big on power and low on weight. A variety of engine choices - both in size and technology - will help you find the right trimmer for the job. Blade-ready T262X and T302X add even more versatility to the line-up. Speed-Feed® cutting heads that re-load in seconds without disassembly are standard on each model. Comfortable, ergonomic handles provide operator comfort for all-day operation.

TRIMMERS

T235

Fuel efficient, entry-level trimmer.

- 21.2 cc 2-stroke engine
- Solid shaft drive
- 1.62:1 gear ratio for more cutting torque
- Rubber anti-vibration grip on front and rear handle

T262

Redefining the performance standard for professional landscapers in North America.

- 25.4 cc 2-stroke engine
- Rubber anti-vibration grip on front and rear handle
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- 1.62:1 gear ratio for more cutting torque
- Solid shaft drive

T262X

Same engine as T262 but equipped for brushcutting with barrier bar, blade-mount hardware, harness and standard trimmer head.

- 25.4 cc 2-stroke engine
- Rubber anti-vibration grip on front and rear handle
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- 1.62:1 gear ratio for more cutting torque
- Includes equipment for blade usage (blade sold separately)

T302

Unique combination of engine size, horsepower and gear ratio provides superior cutting performance.

- 30.5 cc 2-stroke engine
- 1.62:1 gear reduction for fast, efficient cutting
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- Speed-Feed® 450 trimmer head reloads in seconds without tools or disassembly - accepts up to .130 in. line

T302X

Unique combination of engine size, horsepower and gear ratio provides superior cutting performance in a blade-ready package.

- 30.5 cc 2-stroke engine
- 1.62:1 gear reduction for fast, efficient cutting
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- Speed-Feed® 450 trimmer head reloads in seconds without tools or disassembly - accepts up to .130 in. line.
- Includes equipment for blade usage (blade sold separately)

shindaiwa®

BRUSHCUTTERS

Professional features, such as a bicycle-style handlebar with comfortable rubber grips, enable Shindaiwa Brushcutters to quickly and effortlessly slice through thick undergrowth. A standard Speed-Feed® head, along with blade mount hardware, provides maximum versatility to tackle any brush-clearing task.

C262

Redefining the performance standard for professional landscapers in North America.

- 25.4 cc 2-stroke engine
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- U-shaped handle for improved control and ergonomics
- Speed-Feed® 400 trimmer head reloads in seconds without tools or disassembly
- Includes equipment for blade usage (blade sold separately)

C302

Unique combination of engine size, horsepower and gear ratio provides superior cutting performance.

- 30.5 cc 2-stroke engine
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- U-shaped handle for improved control and ergonomics
- Speed-Feed® 450 trimmer head reloads in seconds without tools or disassembly - Accepts up to .130 in. line
- Includes equipment for blade usage (blade sold separately)

EDGERS

Shindaiwa's Edgers make it easy to leave a perfect edge, every time. Commercial features, such as a height-adjustable guide wheel, open-face shield, and steel skid plate, combine with a high-performance engine to power through the toughest grass and dirt.

LE235

Entry-level commercial edger.

- 21.2 cc 2-stroke engine
- Durable cast aluminum debris shield
- 2:1 gear case to power through tough overgrown grass

LE262

Redefining the performance standard for professional landscapers in North America.

- 25.4 cc 2-stroke engine
- Durable cast aluminum debris shield
- 2:1 gear case to power through tough overgrown grass
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals

EDGER ACCESSORIES

Cyclone™ Lawn Edger Blade
Standard .090 in. thickness for edging driveways, sidewalks, flower beds and other borders.

- Length: 7.75 in.

Part #: 80419C 2 pack

Part #: 80419B Bulk pack of 50

See page 23 for specifications.

BLOWERS

Shindaiwa Blowers feature incredible power and two of the largest displacement engines in the backpack market.

Each backpack model features double-adjusting shoulder straps, padded backrests, and ergonomically positioned controls for all-day comfort. The handheld blowers are durable and powerful, offering excellent fuel efficiency.

BLOWERS

EB252

Shindaiwa's best value handheld blower.

- 25.4 cc 2-stroke engine
- Category leading blower performance
- Double-grid intake design reduces clogging
- Exclusive curved blower tube provides rotational control reducing fatigue

EB262

Shindaiwa's Best-in-Class handheld blower loaded with professional features!

- 25.4 cc 2-stroke engine
- Pleated paper main filter and foam prefilter for use in dusty conditions
- Second handle allows two-handed use for reduced fatigue and improved maneuverability

EB600RT

A combination of dependability and comfort with economical performance.

- 58.2 cc 2-stroke engine
- Exclusive Posi-loc™ system
- Tube-mount throttle with cruise control
- Back-cooling fan intake for increased user comfort in hot weather

EB633RT

Mid-level commercial backpack blower offers exceptional durability and performance.

- 63.3 cc 2-stroke engine
- Large top-mounted pleated paper filter for use in dusty conditions
- Tube-mount throttle with cruise control
- Exclusive Posi-loc™ system keeps blower pipes securely attached

EB802

Powerful backpack blower includes round and turbo pipes.

- 79.2 cc 2-stroke engine
- Comfortable back and shoulder pads
- Available with either a hip (EB802) or tube mounted (EB802RT) throttle control

EB854

Shindaiwa's biggest and most powerful blower with an incredible combination of air volume and air velocity.

- 79.7 cc engine
- Comfortable back pad and shoulder straps
- Available with either a hip (EB854) or tube mounted (EB854RT) throttle control

HEDGE TRIMMERS

Extra-sharp, double-reciprocating blades that slice “lightning quick” for precise cuts and edges.

Non-shafted models are available in either double-sided or single-sided configurations as well as two blade lengths for each. The blades are nickel-plated for long-lasting durability. Rubber grips allow for great comfort and control. The DH232 and DH235 feature a 180° rotating handle. The HT232 and HT235 are lightweight and equipped with a standard debris sweeper for easy clean-up. Shafted Hedge Trimmers offer a choice of fixed or articulating gear cases as well as shaft lengths from 33 in. to 59 in.

HEDGE TRIMMERS

DH232

Combines light weight with full commercial features and performance.

- 21.2 cc 2-stroke engine
- Double-sided 22.8 in. blades for best versatility
- Vibration-reduction system and rotating rear handle for operator comfort
- Front-facing exhaust improves plant health

DH235

Same features as DH232, but with longer 28 in. blades.

- 21.2 cc 2-stroke engine
- Double-sided blades for best versatility
- Front-facing exhaust improves plant health
- Vibration-reduction system and rotating rear handle for operator comfort
- Durable plastic blade guard for professional-grade cut quality

HT232

Reliable 2-stroke engine and 28 in. nickel-plated, double-reciprocating blades.

- 21.2 cc 2-stroke engine
- Forward-facing exhaust tube
- Debris sweeper removes cut material for a clean finish
- Single-sided blades for easy sculpting of round or complex shapes

HT235

Same features as HT232, but with longer 37.6 in. blades.

- 21.2 cc 2-stroke engine
- Forward-facing exhaust tube
- Debris sweeper removes cut material for a clean finish
- Single-sided blades for easy sculpting of round or complex shapes
- Shindaiwa's longest blade-length hedge trimmer

FH235

Combines light weight with a fixed gear case design for outstanding cutting performance.

- 21.2 cc 2-stroke engine
- Ergonomic rubber grips
- Mid-length 42 in. shaft for use on a variety of hedge heights
- Stepped gear case design places user and unit away from the hedge for best ergonomics

AHS262

Articulating gear case and well-balanced, short shaft allows incredible mid-reach performance and use.

- 25.4 cc 2-stroke engine
- Ergonomic offset articulating gear case allows easy cutting of hard-to-reach hedges
- 4.6:1 gear case ratio provides high torque

AH262

Articulating gear case and long reach combined with a powerful engine.

- 25.4 cc 2-stroke engine
- Ergonomic offset articulating gear case allows easy cutting of hard-to-reach hedges
- 4.6:1 gear case ratio provides high torque
- 21 in. blade length and 59 in. shaft length for maximum reach

MULTI-TOOL SYSTEM

Shindaiwa's Multi-Tool System is built for those looking for maximum versatility from a single power source that can be used with multiple attachments, plus a 3 ft. extension ensuring you have the right tool to accomplish the task at hand. The multi-tool system is a great alternative to dedicated units by reducing maintenance and space.

M235

A versatile, economical power source to handle all commercial landscaping needs.

- 21.2 cc 2-stroke engine
- Spring-assisted recoil starter reduces rope-pulling effort by 30%
- Lead-in coupler design improves ability to mate with attachments

M262

Shindaiwa's most powerful multi-tool with a professional-grade engine.

- 25.4 cc 2-stroke engine
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- Lead-in coupler design improves ability to mate with attachments

MULTI-TOOL SYSTEM ATTACHMENTS

These attachments only work with the M235 and M262 power sources. See page 23 for specifications.

Trimmer Attachment

Commercial-grade trimmer attachment using Shindaiwa's Speed-Feed® 400 head. 34 in. length, 3.2 lbs.

Part # 66001

Tiller/Cultivator Attachment

6.5 in. swath and 42:1 gear reduction makes quick work of flower and garden bed maintenance. 35.7 in. length, 5.18 lbs.

Part # 66008

Brushcutter Attachment

Commercial-grade construction with 3-tooth grass and weed blade. 35.6 in. length, 3.43 lbs.

Part # 66004

Standard Hedge Trimmer

21 in. double-sided, double-reciprocating blades and an extra heavy-duty, professional-grade gear case. 50.1 in. length, 4.1 lbs.

Part # 66006

Articulated Hedge Trimmer

10-position articulation coupled with 21 in. blades and a 28 in. shaft for maximum reach. 64.4 in. length, 5.6 lbs.

Part # 66003

Mid-Reach Articulated Hedge Trimmer

10-position articulation with a shorter shaft for maneuvering in tight areas. 37.9 in. length, 4.5 lbs.

Part # 66005

Lawn Edger Attachment

7.75 in. blade with open-face shield and guide for effortless edging. 30.8 in. length, 4.6 lbs.

Part # 66010

PowerBroom™ Attachment

Ideal for cleaning gravel, mulch, or other debris from grass or artificial turf. 36 in. length, 11.3 lbs.

Part # 66011

Pole Pruner Attachment

10 in. bar with long shaft for reaching high limbs. 57.1 in. length, 4.9 lbs.

Part # 66002

3 ft. Extension

Tool-less coupler allows easy installation between power source and attachments. Only works with pole pruner and all hedge trimmer attachments. 39.2 in. length, 2.7 lbs.

Part # 66012

POLE PRUNER ATTACHMENT REPLACEMENT CHART

Bar Length (in.)	Fits	Replacement Bar	Replacement Chain

POWERBROOM™

A Shindaiwa exclusive, the PS262 PowerBroom™ features outstanding power and a solid-steel drive shaft to perform any sweeping chore. With three different brush or paddle choices, you are sure to have the tool you need to clean debris from nearly any surface.

PS262

From construction sites and walkways to golf courses and roadsides, the PowerBroom™ completes any sweeping chore in a fraction of the time. All sweeping attachments are sold separately.

- 25.4 cc 2-stroke engine
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- Cushioned front and rear grips for maximum comfort
- Accepts three different sweeping attachments for a wide range of tasks
- Attachments not included

Shown with available 12-Fin Rubber Paddle

POWERBROOM™ ATTACHMENTS

12-Fin Rubber Paddle

Rubber paddles prevent damage to soft surfaces, such as grass or artificial turf. Ideal for gravel or mulch cleanup.

Weight: 9.2 lbs.

Sweeping swath: 23 in.

Part # 99909-35000

Nylon Brush

For cleanup of light debris, such as loose dirt from hard surfaces. Also useful for spreading heavy liquids.

Weight: 7.9 lbs.

Sweeping swath: 20 in.

Part # 99909-11027

Replacement Brush

Part # 99909-11004

Aggressive Nylon Brush

Thicker bristles than the Nylon Brush for moving tougher debris.

Weight: 4.7 lbs.

Sweeping swath: 11 in.

Part # 80712

Replacement Brush

Part # 80711

Debris Shield

Provides added protection for the operator against liquids or light debris.

Fits all PowerBroom models and attachments.

Part # 99909-33021

See page 23 for specifications.

SPREADERS

RS41

Perfect model for areas less than one acre.

- Positive on/off system
- Includes hopper cover

RS60

Large capacity hopper for areas greater than one acre.

- Steel, epoxy-coated frame resists corrosion
- Includes hopper cover

RS76

Large capacity rugged spreader for heavy-duty, all-purpose use.

- Factory-calibrated for consistent application
- Includes hopper cover

RS76S

Stainless steel frame built for the harshest use and long life.

- Welded stainless steel frame resists corrosion
- Includes hopper cover

Hopper Cover

Fits models: RS60, RS76, RS76S
Part # P14606-1

Part # 569040

SPRAYERS

Shindaiwa Sprayers feature lightweight tanks with UV inhibitors, which prolong the life of the tank, marked in both gallons and liters, comfort grip handles with a lock-on or lock-off feature, heavy-duty tanks, and 28 in. wands that include three nozzles.

SP1H

48 fl. oz. handheld sprayer.

- Includes adjustable brass and plastic nozzles
- Viton® pump seal for maximum durability
- 45 psi

SP21H

2-gallon capacity, easy-to-carry handheld sprayer.

- Includes adjustable brass and plastic nozzles
- Viton® pump seal for maximum durability
- 45 psi

SP30BPE

3-gallon capacity and industry-unique "Euro-style" tank design.

- Piston-style pump features Viton® seals with 4-stage filters
- Includes premium stainless steel wand and three nozzles
- 90 psi

SP41BPS

4-gallon capacity is perfect for larger jobs.

- Piston-style pump features Viton® seals with 4-stage filters
- Fold-away pump handle for right-or left-hand use
- 90 psi

SP53BPE

5-gallon capacity and industry-unique "Euro-style" tank design.

- Piston-style pump features Viton® seals with 4-stage filters
- Premium backpack straps and waist pad
- 90 psi

See page 23 for specifications.

SPRAYER ACCESSORIES

Each accessory below works with every current Shindaiwa manual sprayer except the SP1H. Shindaiwa wands are ideal for concentrated spraying applications of pesticides, fertilizer, herbicides or watering smaller areas.

RED ARMOR™ LUBRICANT

Red Armor Lubricant sets a new standard in lithium-based grease. Special adhesives and tackifiers eliminate sling-off and are impervious to water. With its enhanced protection power, capability to resist shock loads, ability to seal out moisture and contamination from critical components and corrosion resistance, Red Armor Lubricant is a high-performing, dependable grease to keep parts moving and lubricated for long lasting protection.

& PROTECTS

Speed-Feed®

Fast-Loading Trimmer Head™

LOAD LINE IN SECONDS.

1. Line Up Arrows
2. Feed Line
3. Twist Top Disc

The Speed-Feed® trimmer head is the fastest loading bump-to-advance style head on the market. In fact, it can be reloaded without disassembly in 30 seconds or less.

- No disassembly required; easy to load
- Reload trimmer in 30 seconds or less
- Rugged head for light to heavy-duty applications
- Advance line by tapping the bottom of the head on the ground
- Smooth bottom enables the head to glide along the ground for an even cut

Speed-Feed® 400 Trimmer Head

- Accepts 20 ft. of .095 in. line
- Maximum line diameter: .105 in.
- Comes pre-loaded with .095 in. Silentwist™

Part #: 78890-30000* Bulk package of 24: **Part #: 78890-30000B**
**Universal head with adapters, fits other competitor models*

Speed-Feed® 450 Trimmer Head (for units above 24 cc)

- Accepts 25 ft. of .095 in. line
 - High capacity - maximum line diameter: .130 in.
 - Comes pre-loaded with .095 in. Silentwist™
- Part #: 28820-08000** Bulk package of 24: **Part #: 28820-08001**

Speed-Feed® 450 Universal High-Capacity Trimmer Head

Universal Head Part #: 78890-21001

Heavy-Duty Fixed-Line Head

- Aluminum body for the most demanding conditions
- Can be loaded in 2 or 4-line configuration
- Comes with (2) 16 in. strips of Ultra-Flex™
- Maximum line diameter: .130 in.

Head with adapters **Part # 80794A**

Head without adapters **Part # 80786**

High-Capacity Manual Head

- Manual-load head; traditional design
- Recessed wing nut for added protection
- Maximum line diameter: .130 in.
- Holds up to 40 ft. of .095 in. line
- Pre-loaded with 20 ft. of .095 in. Silentwist™ trimmer line

Individual head with adapters **Part # 78890-40000**

Bulk package of 24 **Part # 78890-40000B**

Grass Attack™

Square Trimmer Line

- Ideal for all residential and commercial jobs; medium to heavy rugged weeds
- Square profile for improved cutting performance vs round line
- Green color blends in with grass for a clean post-cut finish

WHAT LINE DIAMETER DO YOU NEED?

LIGHT WEEDS: Small residential areas – .065 in.-.080 in.

MEDIUM WEEDS: Large residential or light commercial areas – .080 in.-.105 in.

HEAVY WEEDS: Industrial or commercial landscaping, large estates and residential areas – .105 in. +

8 in., 22-Tooth Heavy-Duty Grass & Weed Blade

Tough steel blade is designed for use on larger brushcutters. Fits all blade-ready Shindaiwa trimmers and brushcutters.

Part # 80510

9 in., 4-tooth Brush Blade

Fits all blade-ready Shindaiwa trimmers and brushcutters.

Part #: 80728

10 in., 3-Tooth Grass & Weed Blade

Fits all blade-ready Shindaiwa trimmers and brushcutters.

Part #: 80771

Trimmer-to-Brushcutter Conversion Kit

Kit includes all components required to convert smaller trimmers to operate with a brushcutter blade. *(Kit does not include blade)* 25 mm arbor

Part #: 80575B for T344, T262, T302

Part #: 89282 for T282

SAFETY GLASSES AND FACE PROTECTION

All Shindaiwa safety glasses are lightweight and impact-resistant. Hard-coated, optical-grade, abrasion-resistant, polycarbonate lenses offers 99.99% protection from the most intense UV rays. All models meet ANSI z87.1-2003 performance criteria.

Element Glasses
Lightweight and frameless with rubber temple and nose pieces. Curved lenses provide excellent side protection against dust and debris.
Part #: 82082

Safety Glasses (clear lens)
Lightweight and adjustable with full side and brow protection. Soft nose pad and adjustable temples.
Part #: 80767

Enduro Glasses
Sport-styled, framed lenses with wide temple support, and full eye protection coverage for both work and sport activities.
Part #: 82080

Safety Glasses (blue lens)
Lightweight and adjustable with full side and brow protection. Soft nose pad and adjustable temples.
Part #: 80766

Flex Glasses
Fully adjustable to allow up to four different temple lengths and nose pad widths. Ratcheting lens pitch adjustment allows for varying work applications.
Part #: 82081

Safety Glasses (gray lens)
Lightweight and frameless with formed contour nose pad. One piece polycarbonate lens provides excellent protection against dust and debris.
Part #: 80765

Pilot Glasses
Sport styled, framed lenses with cushioned temple support. Optional foam padding seals against dust and debris.
Part #: 82079

Brushcutter System
Includes steel mesh visor and earmuffs offering excellent face and hearing protection while trimming or brushcutting. NRR 23 dB(A) rating.
Part #: 82003

YOU CAN DO IT!
IT'S EASY!

- ✓ **Extend the life** of your equipment.
- ✓ **Reduce costly repairs** and downtime with routine maintenance.
- ✓ **Save money** doing the installation yourself. You can do it! It's easy!
- ✓ **Save time** with everything you need in one convenient package.
- ✓ **Genuine Shindaiwa replacement parts** deliver high-performance results.
